- Conditions appear positive for UVA to make up ground in Q3 and Q4

# PROGRAM INCOME & RESTATING FY17

- Program income is no longer included in our award count
  - part of ongoing efforts to improve reporting on research at UVA, and to align ourselves with peers and industry standards
- FY2017 award numbers were restated in February to account for the reclassification of previously-included program-income revenues

  - FY17 proposal and expenditure numbers were not restated and remain unchanged
