

**In light of current events, the Massage Therapy Foundation is extending its 2020 Community Service Grant application deadline to **May 1, 2020**.** We hope that extending this grant deadline can help alleviate stress, give applicants time to modify applications as needed, and/or come up with new ideas for helping out in our communities in different ways.

**Do you work with an organization providing massage to people in need?** Consider applying for an MTF Community Service Grant. We accept applications from the U.S. and internationally and also offer one grant opportunity exclusive to grantees from northern Illinois.
